November 20, 2014

Dr. Kenneth Evans  
President  
Lamar University  
PO Box 10001  
Beaumont, TX 77710-0001

Dear Dr. Evans:

Submitted herein is the Annual Financial Report of Lamar University for fiscal year ended August 31, 2014.

The financial statements in this report have been prepared in conformity with the General Provisions of the Appropriations Act, Article IX, and in accordance with the requirements established by the Comptroller of Public Accounts.

The Annual Financial Report will be audited by the State Auditor as part of the audit of the Statewide Annual Financial Report; therefore, an opinion has not been expressed on the statements and related information contained in the report.

If you have any questions, please contact Twila Baker at (409) 880-8931.

Respectfully submitted,

Dr. Cruse Melvin  
Vice President for Finance and Operations

**LAMAR UNIVERSITY**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**August 31, 2014**

**NOTE 1: Summary of Significant Accounting Policies**

**Entity**

Lamar University is considered an Institution of Higher Education of the State of Texas, and its financial records comply with state statutes and regulations. This includes compliance with the Texas Comptroller of Public Accounts' *Reporting Requirements for Annual Financial Reports of State Agencies and Universities*.

Due to the statewide requirements embedded in Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Government*, the Comptroller of Public Accounts does not require the accompanying annual financial report to comply with all the requirements in this statement. The financial report will be considered for audit by the State Auditor as part of the audit of the State of Texas Comprehensive Annual Financial Report; therefore, an opinion has not been expressed on the financial statements and related information contained in this report.

**Fund Structure**

The accompanying financial statements are presented on the basis of funds. A fund is considered a separate accounting entity. The fund designation for institutions of higher education is a Business Type Activity within the Proprietary Fund Type.

**Proprietary Funds**

Business Type Activity

Business type funds are used for activities that are financed through the charging of fees and sales for goods or services to the ultimate user. Institutions of higher education are required to report their financial activities as business type; because, the predominance of their funding comes through charges to students, sales of goods and services and grant revenues.

## Unaudited

### **Component Units**

The fund types of the individual discrete component units are available from the component units' separately issued financial statements. Additional information about component units can be found in Note 19.

### **Basis of Accounting**

The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts reported in the financial statements. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus.

Business activity type funds (proprietary funds) are accounted for using the full accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized at the time liabilities are incurred. Proprietary funds distinguish operating from non-operating items. Operating revenues and expenses result from providing services or producing and delivering goods in connection with the proprietary funds principal ongoing operations. Operating expenses for the proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

### **Budget and Budgetary Accounting**

The budget is prepared biennially and represents appropriations authorized by the Legislature and approved by the Governor (the General Appropriations Act).

Unencumbered appropriations are generally subject to lapse 60 days after the end of the fiscal year for which they were appropriated.

## **Assets, Liabilities, and Fund Balances/Net Assets**

### **ASSETS**

#### **Cash and Cash Equivalents**

Short-term highly liquid investments with an original maturity of three months or less are considered cash equivalents.

#### **Securities Lending Collateral**

Investments are stated at fair value in all funds except pension trust funds in accordance with GASB Statement 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*. For pension trust funds, investments are required to be reported at fair value using the accrual basis of accounting in accordance with GASB Statement 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*.

## Unaudited

Securities lent are reported as assets on the balance sheet. The costs of securities lending transactions are reported as expenditures or expenses in the Operating Statement. These costs are reported at gross.

### **Restricted Assets**

Restricted assets include monies or other resources restricted by legal or contractual requirements. These assets include proceeds of enterprise fund general obligation and revenue bonds and revenues set aside for statutory or contractual requirements. Assets held in reserve for guaranteed student loan defaults are also included.

### **Inventories and Prepaid Items**

Inventories include both merchandise inventories on hand for sale and consumable inventories. Inventories are valued at cost, generally utilizing the last-in, first-out method. The consumption method of accounting is used to account for inventories and prepaid items that appear in the proprietary fund types. The cost of these items is expensed when the items are consumed.

### **Capital Assets**

Assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year should be capitalized. These assets are capitalized at cost or, if not purchased, at appraised fair value as of the date of acquisition. Depreciation is reported on all "exhaustible" assets. "Inexhaustible" assets such as works of art and historical treasures are not depreciated. Road and highway infrastructure is reported on the modified basis. Assets are depreciated over the estimated useful life of the asset using the straight-line method.

All capital assets acquired by proprietary funds or trust funds are reported at cost or estimated historical cost if actual historical is not available. Donated assets are reported at fair value on the acquisition date. Depreciation is charged to operations over the estimated useful life of each asset using the straight-line method.

### **Other Receivables – Current and Noncurrent**

The disaggregation of other receivables as reported in the financial statements is shown in Note 24, "Disaggregation of Receivables and Payables Balances."

Other receivables include year-end accruals not included in any other receivable category. This account can appear in governmental and proprietary fund types.

## Unaudited

**LIABILITIES****Accounts Payable**

Accounts Payable represents the liability for the value of assets or services received at the balance sheet date for which payment is pending.

**Other Payables – Current and Noncurrent**

Other payables are the accrual at year -end of expenditure transactions not included in any of the other payable descriptions. The disaggregation of other payables as reported in the financial statements is shown in Note 24, "Disaggregation of Receivables and Payables Balances."

**Employees' Compensable Leave Balances**

Employees' Compensable Leave Balances represent the liability that becomes "due" upon the occurrence of relevant events such as resignations, retirements, and uses of leave balances by covered employees. Liabilities are reported separately as either current or noncurrent in the statement of net assets. These obligations are normally paid from the same funding source from which each employee's salary or wage compensation was paid.

**Capital Lease Obligations**

Capital lease obligations represent the liability for future lease payments under capital lease contracts contingent upon the appropriation of funding by the Legislature. Liabilities are reported separately as either current or noncurrent in the statement of net assets.

**Bonds Payable-General Obligation Bonds**

General obligation bonds are accounted for in the long-term liabilities adjustment column for governmental activities and in proprietary funds for business-type activities. These payables are reported as long-term liabilities (current for amounts due within one year) and long-term liabilities (noncurrent for amounts due thereafter in the statement of net assets/balance). The bonds are reported at par, net of unamortized premiums, discounts, issuance costs and gains/(losses) on bond refunding activities.

For governmental activities, bond proceeds are accounted for (when received) as an "other financing source" in the governmental fund receiving the proceeds. Payment of principal and interest is an expenditure recorded in the debt service fund. All bond transactions and balances for business-type activities are reported in proprietary funds.

## Unaudited

**Bonds Payable-Revenue Bonds**

Revenue bonds are generally accounted for in the proprietary funds. The bonds payable are reported at par less unamortized discount or plus unamortized premium. Interest expense is reported on the accrual basis, with amortization of discount or premium. Payables are reported separately as either current or noncurrent in the statement of net assets.

**FUND BALANCE/NET ASSETS**

The difference between fund assets and liabilities is "Net Assets" on the government-wide, proprietary and fiduciary fund statements, and the "Fund Balance" is the difference between fund assets and liabilities on the governmental fund statements.

**Reservations of Fund Balance**

Fund Balances for governmental funds are classified as either reserved or unreserved in the fund financial statements. Reservations are legally restricted to a specific future use or not available for expenditure.

**Reserved for Encumbrances**

This represents commitments of the value of contracts awarded or assets ordered prior to year-end but not received as of that date. Encumbrances are not included with expenditures or liabilities. They represent current resources designated for specific expenditures in subsequent operating periods.

**Reserve for Consumable Inventories**

This represents the amount of supplies, postage and prepaid assets to be used in the next fiscal year.

**Unreserved/Undesignated**

This represents the unappropriated balance at year-end.

**Invested in Capital Assets, Net of Related Debt**

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bond, notes, and other debt that are attributed to the acquisition, construction or improvement of those assets.

**Restricted Net Assets**

## Unaudited

Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

### **Unrestricted Net Assets**

Unrestricted net assets consist of net assets, which do not meet the definition of the two *preceding* categories. Unrestricted net assets often have constraints on resources, which are imposed by management, but can be removed or modified.

## **INTERFUND ACTIVITY AND TRANSACTIONS**

Lamar University has the following types of transactions between funds:

- (1) **Transfers:** Legally required transfers that are reported when incurred as “Transfers In” by the recipient fund and as “Transfers Out” by the disbursing fund.
- (2) **Reimbursements:** Reimbursements are repayments from funds responsible for expenditures or expenses to funds that made the actual payment. Reimbursements of expenditures made by one fund for another that are recorded as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund. Reimbursements are not displayed in the financial statements.
- (3) **Interfund receivables and payables:** Interfund loans are reported as interfund receivables and payables. If repayment is due during the current year or soon thereafter it is classified as “Current.” Balances for repayment due in two (or more) years are classified as “noncurrent.”
- (4) **Interfund Sales and Purchases:** Charges or collections for services rendered by one fund to another that are recorded as revenues of the recipient fund and expenditures or expenses of the disbursing fund. The composition of Lamar University’s Interfund activities and balances are presented in Note 12.

**Credit Risk**

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The university's investment policy requires that investments in debt securities be rated in the top three investment grade ratings (Standard & Poor's AAA to A or comparable ratings with other agencies for operating funds and BBB and above for endowments) at the time of purchase. Two nationally recognized statistical rating organizations must rate the security. Risk is further limited through the Investment Policy by term limitations, and maximum single purchase and maximum aggregate position percentages. Investment grade ratings of debt securities as August 31, 2014, were as follows:

**NOTE 6: Bonded Indebtedness**

All bonded indebtedness for Lamar University is issued by System Administration through the Texas State University System Revenue Financing System. System Administration and each component institution within the system are members of the Revenue Financing System. The Board of Regents pledged all of the funds (revenues) and balances derived or attributable to any member of the Revenue Financing System that are lawfully available to the Board for payments on Parity Debt.

System Administration issued the debt; therefore, the bonds payable attributable to the institution are included with the Bonds Payable reported by System Administration. The institution must repay the debt that was issued on its behalf; consequently, the following debt amortization schedule is presented for informational purposes only.

**NOTE 13: Continuance Subject to Review**

Lamar University is not subject to a review of continuance.

**NOTE 14: Adjustments to Fund Balances/Net Assets**

Lamar University has adjustments to the Beginning Fund Balances and Net Assets in the amount of \$12,453.11 due to adjustments in capital assets.

**NOTE 15: Contingent Liabilities**

At August 31, 2014 various lawsuits and claims involving Lamar University were pending. While the ultimate liability with respect to litigation and other claims asserted against the University or the Board of Regents cannot be reasonably estimated at this time, such liability, to the extent not provided for by insurance or otherwise, is not likely to have a material effect on the University.

During the fiscal year August 31, 2014, there were two (2) lawsuits and claims involving Lamar University. At August 31, 2014, two (2) lawsuits and claims involving Lamar University were pending.

**NOTE 16: Subsequent Events**

Lamar University does not have any subsequent events for fiscal year August 31, 2014.

**NOTE 17: Risk Management**

Lamar University is exposed to a variety of civil claims resulting from the performance of its duties. It is university policy to periodically assess the proper combination of commercial insurance and retention of risk to cover losses to which it may be exposed.

The University assumes substantially all risks associated with tort and liability claims due to the performance of its duties. Currently there is no purchase of commercial insurance, nor is the University involved in any risk pool with other government entities for these risks. Lamar University incurred no losses during the fiscal year ended August 31, 2013 and no claims were pending at that date.

The University is required by certain bond covenants and FEMA to carry Fire and Extended Coverage and Boiler insurance on buildings financed through the issuance of

## Unaudited

bonds using pledged Auxiliary Enterprise or other non-Educational and General Funds. The insurance protects the bond holders from a disruption to the revenue stream that is being utilized to make the bond interest and principal payments and the federal government for storm damage.

The Texas Motor Vehicle Safety Responsibility Act requires that every non-governmental vehicle operated on a state highway be insured for minimum liability in the amount of \$20,000/\$40,000 bodily injury and \$15,000 property damage. However, the University has chosen to carry liability insurance on its licensed vehicles in the amount of \$1,000,000 combined single liability. The coverage exceeds the extent of the waivers of state immunity specified in the tort claims act.

**NOTE 18: Management Discussion and Analysis**

Management Discussion and Analysis is a required part of the basic financial statements. Management Discussion and Analysis is omitted because Lamar University is reported in a consolidated format with Texas State University System which is reported as a component of the State of Texas. Management Discussion and Analysis as it relates to Texas State University System can be found in the State of Texas basic financial statements.

**NOTE 19: The Financial Reporting Entity**

The Lamar University Foundation is a nonprofit organization with the sole purpose of supporting educational activities of Lamar University. The Foundation solicits donations and acts as coordinator of gifts made by other parties. The Foundation remitted restricted gifts of \$ 1,215,963.36 to the University during the year ended August 31, 2014. During the fiscal year the University furnished certain services, such as office space and utilities, to the Foundation, for which the Foundation was billed at cost, \$224,883.21. Accounts receivable of \$370,326.13 are due from the Foundation at August 31, 2014.

**NOTE 20: Stewardship, Compliance and Accountability**

**NOTE 22: Donor-Restricted Endowments**

The net appreciation (cumulative and unexpended) on donor-restricted endowments present below is available for authorization and expenditure for Lamar University. The University's spending policy for endowments reflects an objective to distribute as much of the total return as is consistent with overall investment objectives while protecting the real value of the endowment corpus.

Donor-Restricted Endowments (In Thousands)

<u>Donor-Restricted Endowment</u>	<u>Amounts of Net Appreciation</u>	<u>Reported in Net Assets</u>
True Endowments	\$ 0.00	Restricted for Nonexpendable
Term Endowments	0.00	Restricted for Nonexpendable
True Endowments	\$2,950,101.36	Restricted for Expendable
Total Restricted Endowments	<u>\$2,950,101.36</u>	

The University endowment investment income spending policy is a percent return on fair market value at August 31<sup>st</sup> of each year for the next year. The authorization for the fiscal year ended August 31, 2014 was 5%.

The balances, or transactions, of funds held in trust by others on behalf of Lamar University are not reflected in the financial statements. At August 31, 2014, there was one such fund for the benefit of the University. Based upon the most recent available information, the assets of this fund as reported by the Trustees are valued at \$5,512,988.32.
